

How to Translate documents & websites

You can translate websites and documents on some devices like Computer, Android, iPhone & iPad

Translate websites

Important: This feature isn't supported in all regions.

1. In your browser, go to [Google Translate](#).
2. At the top, click **Websites**.
3. We recommend setting the original language to “Detect language.”
4. In the “Website,” enter a URL.
5. Click Go.

Switch between original & translated websites

When you open a translated website, you can switch between the original and translated versions.

On medium to large screens

- **Option 1:** At the top left, click the language tabs.
- **Option 2:** At the top right, click the Down arrow  to open the dropdown menu. Select **Translation** or **Original**.

On small screens

- **Option 1:** At the top left, click the language tabs.
- **Option 2:** At the top right, click More . In the expanded menu, next to “Show original page,” click the switch  to change between the original and translated website.

Translate documents

You can translate documents up to 10 MB in any of these formats: .docx, .pdf, .pptx, .xlsx. PDF files must be 300 pages or less.

Important:

- Document translation isn't available on smaller screens or mobile.
 - You can find text in images and scanned .pdf pages in the output document but they aren't translated.
1. In your browser, go to [Google Translate](#).
 2. At the top, click **Documents**.
 3. Choose the languages to translate to and from.
 - To automatically set the original language of a document, click **Detect language**.
 4. Click **Browse your computer**.
 5. Select the file you want to translate.
 6. Click **Translate** and wait for the document to finish translating.
 7. Click **Download translation** to download your translated document.
